

**Kansas Interfaith Power & Light and
Ad Astra Books and Coffee House present:**

A book signing and talk by

Richard A. Gasaway

Author of *An Inconvenient Purpose: Linking Godly Stewardship and Alternative Energy*

Richard (Rick) Gasaway is registered as a professional electrical engineer (BSEE) in Kansas, and has more than 21 years of experience in electrical power plant design. Concerned about the lack of Christian leadership in the area of energy issues, Mr. Gasaway hopes to clarify the present status of our energy resources and how those resources influence environmental issues, business, politics and – most importantly – our faith.

Thursday, April 19, 2012, 7:00 pm
Ad Astra Books and Coffee
141 N. Santa Fe, Salina
(785) 833-2235

Kansas Interfaith Power and Light is a statewide organization seeking to engage faith communities in environmental stewardship and sustainable practices through the promotion of energy conservation, energy efficiency, and renewable energy. We believe the threat of global climate change calls us to action.
